Benchmark reference answer

Question	What is the UK State Pension Age?
Essential The very minimum an answer needs to include. Comprises: ● Any accurate answer to what the user asked for. ● What the user needs to know in order to avoid being misled.	Mentions that the SPA is currently rising from 66 to 67.
Good answer If the bare essentials aren't enough to meet an "average" user's needs. Comprises: ● Information that further answers the user's question, but that goes beyond what is strictly "essential" *This section is **optional** and is unnecessary for basic questions.*	- Acknowledges that the current SPA isn't certain to apply to everyone in future, as there are plans to increase the SPA from 67 to 68 between 2044 and 2046. Provides users with a means to find their own SPA, for example by: ● Providing a link to an accurate calculator or table of details ● Giving context about specific birth dates for the 66-67 and planned 67-68 transition. ○ Rise to 67 will apply to those born or after 5 April 1960 ○ Rise to 68 will apply to those born on or after 5 April 1977
Background Core facts relevant to the question — use as a reference guide for annotators.	The SPA was 66 for men and women in April 2026, but is gradually increasing to 67 years by 2028. However, political uncertainty means that timetables may be revised in future, or further changes to the SPA implemented. Info on who is eligible - people of a certain age who have paid enough National Insurance contributions Info on how much the SP is - Since 6 April 2026, those who reached SPA after April 2016 get £241.30 a week or £12,547.60 a year - Before April 2016, £184.90 a week or £9,614.80 a year
